ATTENTION: [redacted]

25X1A

SUBJECT: Potential Requirement for Close Look at Areas Picked up by C'''

25X1A REFERENCE: Memorandum to DPD/C/DB from [redacted] dated 27 September 1961; subject: same as above, (IDEA 0504)

1. Please advise us of Development Branch's intentions regarding recommendations in para 4 (a), (b), (c), and (d) of Reference.

2. It is requested that current status of proposed Red Dot test with respect to number of sorties required, desired dates of sorties and/or duration of testing period, flying hours to be expended, and type of aircraft required for tests be sent to Special Projects Branch.

3. The extreme shortage of possessed in-commission aircraft at Detachment G, plus the heavy operational workloads already programmed for the Edwards unit make it imperative that all requirements be closely monitored for priority, and schedules programmed as far in advance as possible.
